

WEBINAR – INTEGRATING ENERGY MANAGEMENT and SUSTAINABLE ACTION PLANS FOCUS ON DATA CHALLENGES

16 September 2015 – 10:00-12:00 CET

This webinar will present how Energy Management (EnMS) and Sustainable Energy Action Plans can be integrated according to energy management standards such as ISO50001. The webinar will focus on the issues of data collection: who and how to ask for data; how to have access to the data you need; how to overcome data challenges.

Municipalities, Regional Authorities, Covenant of Mayors Supporters and Coordinators, public and private stakeholders are invited to participate in this online webinar.
